

Are you interested in getting leadership experience? Are you passionate about teaching? Inside Teaching MSU is looking for any graduate student that might be interested in serving on an Inside Teaching MSU board.

The Inside Teaching MSU board members will:

- Think about ways to expand the Inside Teaching MSU brand and network
- Identify the pedagogical challenges graduate students face in learning to teach.
- Create innovative ways to encourage graduate student conversation about teaching and pedagogy in both on-line and in-person contexts.

Who:

- PhD or other terminal degree students from STEM fields, social science, arts and letters, and professional schools.
- Let us know you are interested! E-mail mcdani73@msu.edu with the subject line **INSIDE TEACHING BOARD**.
- We hope to convene a board meeting in May or June.
